

## **BOTTLED WATER DECLARATION**

The City of Ottawa's tap water ranks among the safest and cleanest in the world; over 100,000 quality tests are performed per year, testing for dozens of organic and inorganic substances. In contrast, bottled water is subject to fewer laws, contributes to rapid environmental decline, and is sold at exorbitant prices on municipal property.

We, the undersigned, are calling on Council to cease selling bottled water in all City buildings, and instead promote the City's own high-quality tap water.
